### Golden Jubilee Tribute Given Rev. Fr. De Mita

#### Honored On Sunday For Fifty Years Of Notable Service

The priestly labors of a saintly man, who served God and his church for half a century—Rev. Fr. Nicholas DeMita, were lauded and sung on his golden jubilee observed Sunday. And the people who honored this servant of God, so deserving of this great tribute were the people who know him best and love him, the parishioners of St. Vitus church.

Fifty years in the priesthood and 45 years of service at St. Vitus church as their kind and gentle leader and pastor, has enabled Father DeMita to become endeared to the hearts of his people. With his kindness and courage he has administered to their spiritual and temporal wants.

#### Testimonial Held

On Sunday evening the parishioners of St. Vitus church, united in sentiment and with words of appreciation for their pastor and friend, who throughout the years worked untiringly for his flock, his church and God—regardless of any obstacle.

Upwards of 800 people attended the gala jubilee testimonial dinner Sunday evening at the Cathedral. Beautifully decorated for the occasion the grand ballroom of the Cathedral was resplendent with huge bouquets of golden and yellow chrysanthemums, and lighted golden candles. A huge centerpiece was placed on the speakers' table, while golden numerals 50, surrounded by yellow baby mums made up the individual centerpieces for the adjoining tables. During the sumptuous turkey dinner, Anthony Caspero, and his trio provided the salon music.

### Report Sixteen Of Plane Crew In Crash Safe

WASHINGTON, Sept. 25.—(INS)—A helicopter will be dispatched to a spot 120 miles southwest of Goose Bay, Labrador, today in an effort to bring out 16 members of a crashed B-50 bomber crew.

The air force said that the survivors, reported "safe and sound" by three air-rescue parachutists who jumped to their assistance, would be transferred by helicopter to a nearby lake. There they will be put aboard amphibious planes and brought out to civilization, probably Goose Bay.

Sighted from Air

Air Rescue Service Headquarters said that food, water and survival equipment were dropped to the crash scene with the parachutists—1st Lt. Daniel Fitzgerald, Sgt. Walter W. Millard and Sgt. Lynn A. Burke, all stationed at Goose Bay.

The marooned men were sighted from the air after three days of search. Until the crash scene was sighted, the big bomber—second largest in U.S. service—had been unreported since it took off from Goose Bay for Tucson, Ariz., Thursday.

### Communists Now Required To Register

#### New Law To Control Subversive Activities To Be Enforced

WASHINGTON, Sept. 25.—(INS)—Lack of funds and communist resistance threaten today to hamper enforcement of the sweeping new law to control subversive activities in the United States.

Attorney General McGrath announced that the Justice Department is taking "immediate steps to vigorously enforce" the act by setting up a special enforcement unit. However, he indicated that money shortages may prevent a full effort from being exerted at the start. In this connection, McGrath said he will ask the budget bureau for funds adequate to staff the enforcement unit.

#### No Appropriation

Congress passed the red-control measure over President Truman's veto just before adjourning Saturday, but did not appropriate funds to back it up. The legislators are expected to approve the money when they reconvene in November.

The law requires communists and communist-front organizations—but not members of the latter—to register with the government within 30 days.

Here, too, the government was threatened with difficulties.

Communist party spokesman Simon W. Gerson asserted that his followers will not comply, even though they face a maximum penalty of five years in prison and a \$10,000 fine.

### Medure Gives Council His Plan For Taxes

Councilman Joseph F. Medure today presented to council, in meeting in city hall, a plan which he said, if adopted, would eliminate the wage tax, yet provide sufficient funds for the operation of the city next year. He declared of the plan would derive a revenue of more than one million dollars, yet not increase property taxes.

According to the trend of their remarks, Mayor John F. Haven and Councilmen Albert A. Hoyland and Richard I. Davis disagreed with phases of the plan. Councilman E. Gene Schweinsberg was non-committal during the discussion. However, council agreed to discuss the plan further.

#### Medure's Proposal

Mr. Medure's proposal is as follows:

Impose an occupational tax, of a graduated scale, which would bring the city \$200,000.

Re-assess industry's real estate which would derive a revenue of \$175,000.

Impose a mercantile tax which would net the city \$30,000.

Continue the 10 mills property tax which would give the city \$520,000.

Added to the foregoing would be "anticipated receipts," such as parking meter receipts, police court fines, etc., bringing in \$150,000.

Medure charged that industrial real estate is assessed too low. He said he based his statement on a report from City Assessor George Patterson. He added that industrial real estate now is only 10 or 15 per cent of its value while other property is taxed 60 per cent.

#### Plan Is Illegal

Relative to the proposed occupational, graduated income plan, the city's legal staff said the graduated plan is legal, and said the highest occupational tax not prohibited would be \$10. Under Me-

### Calls For Halt Of U.N. Troops At 38th Parallel

#### Yugoslavia Seeks Plan For Solution Of Korean Warfare

By PIERRE J. HUSS  
(U. N. S. Staff Correspondent)

FLUSHING MEADOW, N. Y., Sept. 25.—Yugoslavia formally in the U. N. General Assembly today condemned North Korean aggression and called for a halt of U. N. troops at the 38th Parallel pending negotiations to achieve Korean unity.

Edvard Kardelj, Yugoslav foreign minister, also called on Russia to cease its provocative "cold war" and military preparations in Balkan Soviet satellite countries against Yugoslavia.

#### Two Resolutions

Kardelj submitted two resolutions calling for the establishment of a 12-nation commission to iron out disputes among nations that might lead to war and for a declaration of peaceful intentions by states involved in hostilities.

The Yugoslav minister urged that any nation that becomes a party to an aggressive attack should proclaim its desire for peace within 24 hours and issue a cease fire and withdraw its troops

**Huge Increase In Telephone Calls Sunday Afternoon**

Telephone calls, originated because of the unusual weather condition, which prevailed for over two hours Sunday afternoon when the darkness of night descended on the city, brought the greatest Sunday telephone load that has ever been experienced at the New Castle office of the Bell Telephone Company of Pennsylvania, manager N. Jaquish stated today.

Between one and two o'clock, the normal load is 6,400. Sunday it jumped to 7,800. Between two and three o'clock, the normal load is 4,700, but people were beginning to get excited about the descending darkness, and the load jumped to 10,600. But between three and four o'clock, they were really in a dither. The normal load at this period is around 3,560, but Sunday it reached its maximum of 14,150. Then it began to taper off. Between four and five o'clock, the load is generally around 3,560 and Sunday, it stood at 5,130, but the excitement had died down by then, and from then on, it was near the normal point.

### Says Russia Is Seeking To Seize Europe-Asia

FLUSHING MEADOW, N. Y., Sept. 25.—(INS)—Nationalist China told the U. N. General Assembly today that "Stalinist aggression" is threatening the world with conquest through a Moscow-directed plot to seize Europe and Asia.

Dr. Tingfu F. Tsiang, top Nationalist delegate to U. N., urged the 59-nation assembly to "adjust its mind and machinery as quickly as possible" to meet the threat of Communist aggression throughout the world.

In a slashing attack on Soviet policies in China, Korea and eastern Europe, Tsiang declared:

#### World Domination

"The objectives of Stalinist aggression are clear to us all. Ultimately, the objective is world domination. Stalinist aggression spares no country, whatever its political and social organization may be. It has already victimized countries of different political and social regimes."

Tsiang said that all civil wars in which Communists take part, such as southeast Asia, constitute aggression. He added that this type of aggression "should be named after its master . . . Stalinist aggression."

The Chinese delegate cautioned against beliefs that Chinese Communist chieftain Mao Tze-Tung will become another "Tito."

## Gas Tax Funds Used To Improve Altoona Streets

ALTOONA, Pa., Sept. 25.—The city department of highways is nearing completion of its 1950 resurfacing and asphalt penetration treatment of city streets. Councilman Henry L. Selwitz, department director, announced. Most of the program was made possible through receipt of approximately \$79,000 in state gasoline tax funds allocated directly to the city or appropriated by county commissioners from the liquid fuels tax fund.

In August alone 20 streets were resurfaced while asphalt penetration treatment was applied to 14 streets. Only work remaining is an asphalt treatment to a number of dirt streets in outlying sections, Selwitz said.

One of the major projects still under way, by a separate contract firm, is the repaving of Seventh street linking the east and west sides.

## BERNICE TAYLOR WEDS DONALD WALL

Miss Bernice Louise Taylor, 53 Grove avenue, Albany, N.Y., was united in marriage to Donald James Wall, 6 Fourteenth street, Troy, N.Y., at a pretty ceremony Saturday morning, September 23, at 11 o'clock. Miss Taylor is the daughter of Mr. and Mrs. Raymond Taylor, 1906 Delaware avenue, this city, while Mr. Wall is a son of Mr. and Mrs. Michael J. Wall, Troy.

The impressive ceremony took place in St. Francis de Sales church, Troy, with Rev. Fr. Victor O'Brien reading the double ring service.

Given in marriage by her father, the attractive bride was attired in a gown of white satin and Chantilly lace, styled with a fitted bodice of lace, the sleeves tapering at the wrist and the neckline being trimmed with a design of applique and seed pearls. Insets of lace, beginning at the waistline and extending the entire length of the cathedral train, decorated the full skirt of satin. Her three-tiered veil of imported illusion, that fell from a bandeau of seed pearls and rhinestones, was edged with lace. Her bouquet of lilies of the valley was centered with two white orchids.

Mrs. Thomas Keegan, Albany, who served as matron of honor, wore a gown of blushing brocade, styled with a fitted waistline, sweetheart neckline, three-quarter length sleeves and a full skirt.

Her half-bustle was of blushing pink tulle with a shoulder-length veil. She carried a colonial bouquet of pink roses, asters and white baby mums.

Thomas G. Wall, the groom's brother, acted as best man, while Richard M. Wall, another brother of the groom, and George F. Nutall, his brother-in-law, ushered.

White giadoli decorated the tastefully arranged church altar. William Duncan sang "Ave Maria" and "On This Day, O Beautiful Mother".

After the exchange of vows, 100 guests were entertained at a reception in the Century House, near Troy.

Upon returning from a trip by automobile to New York City, the young couple will reside at 601 Sixteenth street, Watervliet, N.Y.

The bride, an alumna of New Castle senior high school, graduated in 1942, served as worthy advisor of the Rainbow Girls. She is a member of the Past Advisors' club and National Secretaries' association, being employed as office manager of the Albany branch of the National Cash Register Co. Mr. Wall served for five years with the U.S. Air Force.

## MATTHEWS-PRESTON BEAUTIFUL RITE

Branched candelabra, ferns, and palms, intermingled with bouquets of white gladioli and chrysanthemums, decorated the altar of the Trinity Episcopal church for the ceremony which united the lives of Mary Skeen Matthews and Piper Byers Preston on Saturday, September 23.

Miss Matthews is the daughter of Mr. and Mrs. John Lepere Matthews of 207 East Leisure avenue, Troy, with Rev. Fr. Victor O'Brien reading the double ring service.

Given in marriage by her father, the attractive bride was attired in a gown of white satin and Chantilly lace, styled with a fitted bodice of lace, the sleeves tapering at the wrist and the neckline being trimmed with a design of applique and seed pearls. Insets of lace, beginning at the waistline and extending the entire length of the cathedral train, decorated the full skirt of satin. Her three-tiered veil of imported illusion, that fell from a bandeau of seed pearls and rhinestones, was edged with lace. Her bouquet of lilies of the valley was centered with two white orchids.

As maid of honor, Miss Grace Phillips Johnson was attired in an afternoon gown of bronze brocade, styled with a fitted waistline, sweetheart neckline, three-quarter length sleeves and a full skirt.

Her half-bustle was of blushing pink tulle with a shoulder-length veil. She carried a colonial bouquet of pink roses, asters and white baby mums.

Robert Lee Preston Jr. served his brother as best man, while Richard M. Wall, another brother of the groom, and George F. Nutall, his brother-in-law, ushered.

A reception was held at The Castleton hotel. Miss Carolyn Green, Miss Mary Patricia Preston, a cousin of the groom and Mrs. Theodore Arthur Lewis, carrying bouquets similar in shade to Miss Johnson's, were also in the receiving line with the bridal party.

Mr. and Mrs. Preston have departed for a honeymoon in Florida.

### Still Facing Final Test

The steadily stiffening communist defense of Seoul in the face of an enveloping United Nations drive that makes the ancient Korean capital's capture inevitable within a matter of days or hours served today to emphasize the doctrinaire power against which democracy still remains pitted.

From any military viewpoint, the 500-year-old Korean capital either

is doomed or on the doorstep of liberation, depending upon the way the situation is looked upon.

United States marines, well-equipped United States army divisions and South Korean units operating under the impulsion of democratic liberation have surrounded from all sides the city on the Han river that is the last remaining southern symbol of Red domination on the peninsula.

Families live in one-room thatch-roof cottages utterly devoid of sanitation. In clement weather, children and even older folk can be persuaded to go to schools and churches, but when the bitter snows come, there the families remain, day and week in and even month in and month out, framed by four walls and heated by their own body warmth and whatever fuel may be available.

It is apparent from the strategy that Gen. MacArthur has mapped since the invasion and liberation of Inchon on Sept. 15 that he is determined to bring this crisis to a head and to an end before the dread winter sets in.

He is offering the strength of United Nations arms against communist fanaticism.

The issue has been joined on a basis that is half military and half propaganda. It is in the scales, and while the final outcome remains beyond question democracy's finest contribution to a war against tyranny still faces its final test.

#### MEETING POSTPONED

We had postponed, as is common to do.

A meeting we'd planned.

No need that was urgent or hasty we knew.

For the business at hand.

Not one of us thought at the moment of what

By none can be known.

We talked of the future, but this we forgot:

Time is never our own.

At parting we laughed at a jest that he told.

Went away merry-eyed;

But that meeting postponed now we never shall hold.

For that evening he died.

#### Folks Of Fame

John Bunny was an old doltimer in the days of the Vitagraph company silent picture films. He was born in 1863, and died in 1915, so only the oldsters of this generation will remember him, but they can never forget him. He spent 26 years on the legitimate stage before becoming a famous movie comedian. He was a little fat man, weighing 260 pounds, but he climbed the roof of his porch for a picture, then, dove into the Hudson from a piling. He tumbled out of airships, fell off skyscrapers, and millions the world over saw and laughed at him and recognized him when he made a world tour. He became the highest salaried man in pictures.

Sociates was born circa 470 B.C., in Athens, Greece. He was a good soldier and served as a hoplite (heavily armed infantry soldier) with a record for prowess and endurance. He took no part in politics, because he thought holding office would mean compromise with his principles. He was a strict patriot, but felt he could best prove it by criticizing Athens' false theories of public and private morality. He was accused of "impurity" because he believed in God and not in the numerous goddesses of the prevailing Greek mythology. In 399 B.C., he was condemned to death by taking poison. He drank it while conversing with his friends until the effects of the hemlock overcame him.

Bible Thought

If ye forgive men their trespasses, your heavenly Father will also forgive you.—Matt. 6:14.

1 Go with our children regularly to Sunday school to prove to them that we consider Sunday school important; also to make it a family enterprise and thus render the children more willing or eager to go, especially those over 10 or 12 years of age, and more inclined to attend church as a part of the family. By going with our children we can enter classes and prove our eagerness to learn more of the kind of things our children learn, and prepare ourselves to be teachers if called upon to do so.

Prompt and Regular

2 Be prompt and regular in our attendance at Sunday school so our children also will be, considering lateness to Sunday school even more serious than lateness to work or to school. Think of the moral loss to the many children who habitually arrive late at Sunday school or are often absent without good cause.

3 Find out what lessons each Sunday our children are asked to prepare and study these lessons at home with our children. Parents who begin this good practice when their children are very young can, if they enjoy their children, help them gain satisfaction from preparing such lessons.

4 Organize ourselves into a kind of church school P.T.A. with a view to encouraging the Sunday school teaching staff, proving to them the home is back of them and disciplining our children at home to comfort themselves properly at Sunday school.

5 Working harder to provide a happy home atmosphere for our children and to prove to them that our own religion helps make us lovelier to live with.

## MEDURE GIVES COUNCIL HIS PLAN FOR TAXES

(Continued from Page One)

dure's plan persons earning \$2500, would pay \$5; and earning \$2500 to \$4000, ten dollars and all over that sum, \$15.

Relative to his proposal that industrial real estate assessed value be brought up to 25 per cent he said:

"With industry's tremendous profit, I feel it is no hardship on them and if a time comes when they need tax relief, I'll vote for it."

### Only Ones Caught

Mayor Haven said: "If an occupational tax were imposed, the only ones who would be caught would be the property owners".

Councilman Albert A. Hoyland said "the school board gave up the plan" and he cited that many persons refused to pay it.

Councilman Davis said that the only way in which New Castle got the Timken plant was by lowering the assessed valuation, and the structure was purchased for less than its assessed valuation.

He said that at the time the cut in valuation was made the property-owners also received a deduction in assessed valuation.

### Tells Of Efforts

Councilman Hoyland recited the efforts of council, and civic bodies to bring plants to the city and said the assessor placed what he considered a fair valuation on the real estate.

Mayor Haven said it does not "look good" to get people to place plants here then raise their valuation when other cities offer plants free land.

Councilman Hoyland informed Medure that the valuation on plants is nearer 40 percent than 10 or 15 percent.

"If you want to figure values today, there is no true figure," Mayor Haven informed Medure, which Medure agreed to.

### Look At Both Sides

"You have to look at both sides" the mayor told Medure, referring to employer and employees. "I am much better satisfied to have the city roaring with industry than to boost valuation. If it boosted too high, the plants will move whether or not, we like it. It is much more beneficial to have men carrying dinner pails than to drive out plants by high taxes."

There was considerable more discussion. Mr. Medure said that he desired to submit his plan for councilmanic consideration, which was brought about by motion of Councilman Davis to which

Schweinsberg gave a second. All members voted for consideration.

During the discussion Ira Alford, former school board member who said he also had carried a union card said he opposed the plan and said "city council has done a good job despite a few misses."

Peter Costello, U. A. W., C. I. O. said he favored Medure's plan and asserted that "abor here does not receive the same wages as labor in other cities, yet food prices are higher."

"Any kind of particles in the sky—dust, smoke or ice—can cause a change in the coloration of the sun as well as of the sky itself."

Weather bureau officials in Pittsburgh reported the smoke blanket was about 10,000 feet thick and some 16,000 feet above the ground in the north central part of the nation.

New York City was plunged into an eerie darkness in mid-afternoon and some residents in the path of the "dimout" feared an atomic explosion had occurred.

Police and newspaper telephone switchboards were deluged by calls from residents of Detroit, Cleveland, Pittsburgh, Buffalo and other cities along the path of the unbroken black clouds.

## First U.P. Men To Have Rally Tuesday

Fall roundup of the Men's club of First United Presbyterian church will be held Tuesday, September 26, at 6:15 p.m. at the church. The purpose of the meeting will be to outline plans for the fall and winter programs. The meeting will be presided over by the president, John Mikels, and reports of progress by the various committees will be made including the service committee, headed by Lauri Laurrell, and the program committee by Harvey Bush.

Dr. Robert Galbreath, pastor of First Presbyterian church, will be the speaker for the September program, using as his topic "A Man's Job in the Church Today."

The Men's club, organized in March for the purpose of fellowship and service with a charter roll of 150 men of the congregation, meets the fourth Tuesday of every month. Men expecting to attend the fall roundup program, should contact Charles Beckwith or Ed Miller.

Unusually cool weather developed over the week end, and heated homes were in the rule this morning. Heat was also required in downtown buildings today.

New Castle and Lawrence county made the transition from Daylight Saving time to Eastern Standard time, without any difficulty, over the weekend, and all operations are now under Eastern Standard time.

Church schedules operated smoothly Sunday as services reverted once more to Eastern Time schedules, it is reported. Attendances were swelled due to special day programs being conducted and also by the fact that an hour of sleep was gained.

Work is in progress on many of the storm sewer catch basins about the city, getting them in readiness for winter weather ahead. Repairs are being made on the concrete surfaces and abutments so that no resident will get injured on the sewer openings.

Many residents spent a good part of their week end in their gardens harvesting the remainder of their tomato crops and other vegetables before a blighting frost should reach them first, making them unfit for canning. Much canning is already in progress about the area.

New Castle Kiwanis club members will have an opportunity of looking at the movie industry first hand, at their meeting Wednesday noon, in the Castleton, when they will hear Maurice Wolf, representative of the Public Relations Department of M.G.M., Hollywood.

Mr. Wolf has been secured as the speaker through the interest of Kiwanian, Louis Lutz.

## Around Hollywood

By JAMES PADGITT  
(International News Service Staff Correspondent)

HOLLYWOOD, Sept. 25—Frank Capra, the three-time academy award winning director, is twiddling his thumb out at Paramount these days waiting for Bing Crosby to return so he can get back into business.

Capra is directing the groaner in his next picture, "Here Comes The Groom," and everything is at a standstill until Crosby returns from his extended vacation to okay personally the leading lady and to approve songs to be used in the picture.

Those provisions are all in Crosby's contract. No leading lady has even been mentioned in connection with the picture. Nor have any of the songs been announced. It is all up to Crosby who does the romancing and the singing in the first place.

### Dramatic Comedy

Capra describes the picture as sort of a dramatic comedy with singing. There will be a generous portion of old and familiar songs, as is the custom nowadays in the movies, as well as several new ones. The picture is due to start sometime next month.

"Here Comes The Groom" is not the picture in which Bing's four sons make their screen debut. That happy event is to be held off until Crosby teams up with Bill

"Hopalong Cassidy" Boyd in the long-promised western comedy.

**Race With Stork**

Esther Williams, the aquatic pinup queen, is working like mad in trying to finish up her studio assignment before the second visit of the stork in December.

The shapely star has done more publicity art for her latest picture, M-G-M's "Pagan Love Song," than any previous picture.

Her studio chores will be over in another week and then she is in for a good long rest from picture making.

**Ava Must Sing**

Joe E. Brown cut short his Australian stage tour with "Harvey" to report back to film makeup for his first film since World War II.

He was wanted for the Captain Andy role in M-G-M's big special, "Show Boat." The offer was too good to pass up, so the wide-mouthed film comedian flew home to make ready for the picture.

Howard Keel plays Ravenal in the film; Kathryn Grayson, Magnolia; and Agnes Moorehead as the aunt. Ava Gardner has been mentioned for the important role of Julie, provided that she learns to sing!

## Former Local Man Honored In New York

Rabbi Maurice J. Bloom, former resident of New Castle, now spiritual leader of Temple Beth Jacob, in Newburgh, New York, for the past 25 years, was unanimously elected rabbi of the temple for his whole lifetime, at a recent meeting of the congregation.

Rabbi Bloom went to grade and high school in this city and also the University of Pittsburgh. This unique distinction is rare in the American Jewish scene and came as a climax to the rabbi's completion of a quarter century at the church. A life certificate is to be presented to him at services in his temple, October 6.

# Golden Jubilee Tribute Given Rev. Fr. DeMita

(Continued from Page One)

to the honored guest, followed by the invocation by Rev. Fr. Raymond Heintz.

Rev. Fr. Nicola Fusco, pastor of Mount Saint Peter's church, New Kensington, delivered one of the evening's principal addresses. He said in part: "Father Demita, gave his youth, his health and brains for his people. All of his activities were for the welfare of his people. To make all of you a good Catholic was his aim. He is a wonderful leader and St. Vitus has come to know and love him as well as appreciate him."

The Rev. Fr. Vincent Galliano, pastor of the B.V.M. church, Ellwood City gave the second principal speech in Italian. His talk dealt with the offices of the priesthood, stressing the hard work Father Demita accomplished in his own home town of Nusco, even before he came to this country. Father Demita will continue to work for his religion and God. His present aim is to finish the parochial school as he starts on his 51st year in the service of God.

#### Many Guests Present

There were many guests present at the speakers table, both religious, civic leaders and laymen. All applauded Father Demita's work, paying tribute to this fiery priest, who though is reaching his 73rd birthday, still has the enthusiasm and zeal as though he were once again—a young priest starting out on the road of God's service.

Among the men who spoke and who expressed their happiness that with religion we can defeat the enemy of the church—Communism, and who extended congratulations to the Jubilarian are the following:

Judge Michael A. Musmanno, of Pittsburgh, Pa.; Mayor John F. Haven, of New Castle; Dr. Enzo Balasco, Italian vice-consul of

Pittsburgh; Hon. Judge Walter W. Braham of Lawrence county; Hon. Charles J. Margiotti, Attorney General of the State of Pennsylvania. Sheriff Frank L. Coen was also present.

#### Presentation Made

At this time, William F. DeCarbo, secretary of the St. Vitus church committee, presented to Father DeMita, an oil portrait of the latter's likeness to be placed in the new parochial St. Vitus school. Rev. Fr. Raymond Heintz presented to Fr. DeMita, a spiritual bouquet from St. Vitus parishioners of masses, Holy Communions, rosary recitations, visits to the Blessed Sacrament and spiritual ejaculations, asking God's blessing upon Father DeMita for his continued spiritual guidance and leadership.

#### Jubilarian Speaks

Apparently touched and moved by such wonderful kind words, the Jubilarian and honored guest—Father DeMita, graciously responded to his people. "The 45 years have been long," he said, "and yet they have gone quickly, for I am doing what I love to do. What I have done has not been for myself but for YOU. And without your help—the help of St.

Vitus parishioners, I could not have achieved all my accomplishments."

He continued, "Looking back over the years, I recall three phases of my life. First my years in the seminary and my teaching days. Secondly, when I left my home town of Nusco, Italy, and came to this country; the hardships and tasks which confronted me; thirdly, coming to St. Vitus church. This latter part has taken up the most part of my life. There are many memories of these years—some pleasant and unpleasant. But still I found happiness in everything I did; I was doing it for God. You parishioners of St. Vitus church can be justly proud of what we have today; at first 45 years ago we had nothing. Today we boast a beautiful church, rectory, convent and soon we will have one of the most modern parochial schools in the county and diocese."

Father DeMita closed by voicing his thanks to Almighty God for the strength and courage needed in his work; for his health and for the faith and help of his people. He thanked all who assisted in the golden jubilee and also Father Inteso chairman of the event. He commented proudly on the fact that 1,000 Holy Communions were distributed at mass in the morning; and urged parishioners to help

in the future progress of St. Vitus church.

Father Albert L. Farina, pastor of Regina Coeli church, Pittsburgh, gave the benediction.

#### Mass In Morning

At 11 o'clock Sunday morning, the solemn high mass of Thanksgiving was offered in St. Vitus church. Never before in the history of the church has there been such beauty and splendor in the celebration of Holy Mass.

His Excellency, the Most Rev. John Francis Dearden, S.T.D., Co-adjutor Bishop of Pittsburgh, presided. His fervent prayer to Father DeMita during the mass was both inspiring and touching, an evident proof of the far-reaching influence for good Father DeMita has in the community and diocese.

Rev. Fr. Nicholas DeMita, was celebrant of the mass; Rev. Fr. Nicholas Biondi, pastor of St. Philip Neri church, Donora, was archpriest; Rev. Fr. Joseph Manganelli, pastor St. Lawrence church, Hillsville, was deacon; Rev. Fr. Francis Ginochi, assistant pastor of St. Peter's church, New Kensington, Pa., was sub-deacon.

Masters of ceremonies were Father Albert M. Inteso and Rev. Fr. Raymond Heintz.

With the exception of the master

of ceremonies, the officers of the mass were all former parishioners of St. Vitus church, including Rev. Fr. Richard Paluso who delivered the morning sermon in English.

Father Paluso stressed the three-fold powers of the priest; teaching, pardoning and consecrating. The dignity and the sublimity of the priesthood—are offices that cannot be held by mortal man, he stated.

The sermon in Italian was given by Rev. Fr. Sebastian Ippolito, pastor of St. Lucy's church, who briefly enumerated the accomplishments of Fr. DeMita.

Music at mass was by St. Vitus Men's Choir and Parish Chorus. B. J. Biondi was the director and Mrs. Frances Colac organist.

Immediately after mass a luncheon was held for Bishop Dearden and family and relatives of DeMita and guests at Hotel New Penn. Father DeMita's relatives also attended the testimonial, including a large number of priests from New Castle and the Pittsburgh diocese.

During the course of the day, Father DeMita's family presented him a photo of the Cathedral in Nusco, Italy, where he was ordained on September 24, 1900. It was interesting to know that while the mass of Thanksgiving was being celebrated here, across the miles

will be conducted, Sunday, October 1, at Niles, Ohio, the local committee has announced. This will be the annual festival, with services planned for 2:30 and 7 p.m.

Buses are to leave the First Congregational church at 1:15 p.m. on October 1. One bus has already been reserved and a second will be chartered if sufficient reservations are made. The following com-

mittee is handling arrangements: Mrs. David M. Owens, Mrs. Isaac Llewellyn, Mrs. Margaret Fowler, and Mrs. Hannah Bluedorn.

## Western Pa. Dairy Farmers Ask Crackdown At Sharon

Western Pennsylvania dairy farmers today formally asked the State Milk Control Commission to crack down on the Sharon, Pa., dealers who have been ignoring the commission's price regulation which went into effect September 1.

Attorney Alexander H. Lindsay, representing the Keystone Milk Producers Association of Western Pennsylvania, requested "that any further or continued ignoring, disobedience or violation of the orders of the commission by the dealers of this area be punished by fine or license suspension as prescribed in the Milk Control Act."

Meanwhile, Keystone spokesmen warned that the Sharon dealers are carrying an Ohio milk war into Pennsylvania, making a "farce" of milk control and turning this area into a "rural slum."

**Action Follows Hearing**

Keystone's action followed a stormy hearing in Sharon which had to be moved from City Hall to the American Legion auditorium to accommodate the aroused farmers.

Harold R. Reickert of Green-

ville, president of the Mercer county branch of Keystone, said:

"If the commission gives in to the demands of the Sharon dealers for a lower price area, while they have been in open and defiant violation of the commission's orders since September 1, milk control becomes a farce."

Dealers in the Sharon area have continued selling milk for 19 cents a quart despite the commission's orders to up the price to 20 cents at the store and 21 cents delivered.

## Try And Stop Me

BY BENNETT CERF

Frank Pace, Secretary of the Army, tells of his first day in the field with a regiment of tough veterans. A sergeant watched him rig a fox hole without saying a word. "How'm I doing?" demanded Pace finally. The sergeant allowed, "A couple of live shells would improve your technique."

An apprehensive government employee in the Pentagon Building said, "I'm convinced that if there's another war the enemy will drop its first atomic bomb right here on the Pentagon."

"What?" replied her friend at the

watch Pace, too, but made no mail desk, "and destroy all this confusion?"

## ANNA KLABAN WEDS MICHAEL BUKACH

Miss Anna Klaban had her twin sister, Miss Louise Klaban, as maid of honor as she became the bride of Michael Bukach on Saturday, September 16 in the Holy Trinity Polish National Catholic church.

Miss Klaban is the daughter of Mr. and Mrs. William Klaban, R. D. 9, New Castle, and Mr. Bukach is the son of Mr. and Mrs. Michael Bukach of Hood avenue, Cleveland, Ohio.

Palms, ferns, and white gladioli decorated the church altar for the occasion. Rev. Fr. Edward Kuzminki assisted at the exchange of wedding vows.

Given in marriage by her father, the bride wore with charm a white slipper satin gown, fashioned with fitted bodice and long sleeves tapered at the wrists. The sheer yoke was edged with a ruffle of eyelet embroidery, presenting an off-shoulder effect. Ruffles of eyelet embroidery enhanced the full skirt from the waist to the hemline, with the skirt ending in a cathedral train. Her fingertip veil of illusion, edged with Chantilly lace, cascaded from a satin and lace bonnet. She carried a bouquet of white roses, centered with an orchid and stephanotis.

Miss Louise Klaban was attired in a rose satin gown with a hoop skirt. The fitted bodice was fastened with a band of satin trimming the sheer yoke, and she wore matching satin mitts and sweetheart hat. Her bouquet consisted of Better Times roses and white baby mums.

As bridesmaid, Miss Sophie Klaban, sister of the bride, wore an aqua satin gown styled like that of the maid of honor. She carried pink roses and white baby mums.

Edward Shevitz served as groom as best man. Richard Bukach, brother of the groom, was usher.

A reception for 200 guests was held at the Slavish hall, Moravia street, at 7:30 o'clock. The couple later departed for a wedding trip to New York, and will reside at 2309 Hood avenue, Cleveland, Ohio, upon their return.

The bride, a graduate of the Shenango high school, was employed at the Steven's Bakery. The groom, a graduate of the Cleveland Trade School, is a pattern maker.

## Oak Wilt Found In Central Pennsylvania

HARRISBURG, Sept. 25.—(INS)—Oak wilt, a disease fatal to red and black oaks, has been found in central Pennsylvania, Gov. James H. Duff announced today.

The state departments of agriculture and forests and waters have alerted their field forces to intensify their search for suspected trees and destroy them, according to the governor.

Oak wilt was discovered in mid-western states two years ago and has spread slowly eastward. Prior to today's announcement only one case had been uncovered.

Trees hit by the disease are incapable of sprouting since the roots are attacked by the fungus.

Soldiers To See  
T.V. World Series**

CAMP ATTERBURY, Ind., Sept. 25.—(INS)—"Operation TV" is in full swing today at Camp Atterbury, Ind., where members of the 28th Infantry Division are stationed.

With the world series a scant two weeks away, the Pennsylvanians are eagerly gathering every television set they can get their hands on in hopes of getting a chance to sit-in on some of the contests in which they expect the Phillips to be the National League representatives.

At present there are but 29 TV sets scattered among the many units of the "Bloody Bucket" group, and 13 of these sets were presented to the units by civic organizations and citizens of their home towns as going away presents.

The others were bought by the individual units from funds contributed or raised by the soldiers.

Altoona and Butler, Pa., each have sent three sets to their respective units at Camp Atterbury. Other Pennsylvania towns which have given sets to their units include Olyphant, Monongahela, Canonsburg, and Connellsville.

One unit in the 110th Infantry Division, Company K of Washington, Pa., was presented a set by the veterans who fought with the unit in both world wars. Another unit, Company K of the 110th Infantry, bought its set from a fund of \$2,000 donated by residents of Greene county, Pa.

"Burk flying" or "horizontal flying" is army slang for taking aviation in quarters.

### A FLEXIBLE PLAN FOR HOUSEHOLD ACTIVITIES

**WATCH YEARLING HEIFERS ON PASTURE**  
In early fall yearling heifers on pasture should be watched rather closely to keep them growing as they have been during the summer months.

In some cases, heifers are left out too late in the fall and lose flesh before they are brought into winter quarters. Feed dry hay from a rack on pasture to bring the heifers to the barn for one feeding a day to keep them in condition. If the pasture is short feed a little grain.

Preventing loss of flesh during the fall months is more economical than trying to bring the heifers back in condition after they are housed for the winter.

### KEEP TRACTORS CLEAN FOR TOP PERFORMANCE

Farmers can get better performance from their tractors and at the same time eliminate a serious fire hazard if they remove accumulations of dirt and grease from the tractor engine.

Dirt and grease slow down the removal of heat from the motor and speed decay of the rubber coverings on wires. Dirt and grease are responsible for hundreds of tractors catching fire each summer, causing serious damage

## WORLD'S BIGGEST BEEHIVE

### Tempo Steps Up Sharply in Bewildering Pentagon Under Impetus of Korea Strife

PENTAGON—World's largest—and probably "easiest to get lost in"—office building.

By ESTHER V. W. TUFTY  
(Central Press Correspondent)

**WASHINGTON**—War in Korea has stepped up the tempo over at the Pentagon . . . that fabulous five-sided headquarters of the United States military.

The Pentagon has become a part of American joke-lore, but it's no joke that in this world's largest office building decisions are made today that mean life or death to soldiers in Korea.

You can "feel" the difference that the tense war situation has made. Not only is the population climbing upward from the usual 24,000, but the hours are longer and the days off fewer. Every day some man leaves on a mission. Officers take off for Korea. Military and civilian compete with tons of files and records for floor space. This, in spite of the fact that the Pentagon exports about 10 tons of baled waste paper every day!

There's no time for five-minute coffee breaks. The nine snack bars do a bigger business because there is no time to dine leisurely or at regular hours in the three staff dining rooms or the four cafeterias. Generals and civilians pay the same for the same meal from the same kitchen.

One does not even need to go to the Pentagon to be conscious of the increased wartime activity. Telephoning the Pentagon—Liberty 5-6700—means a longer wait before the pleasant voice of the switchboard operator responds.

Now there's an obvious pause indicating heavier traffic on this largest branch telephone exchange in the world, with its 28,000 miles of phone wire.

The telephone calls which are sad and upsetting come from parents asking . . . "Where is my boy fighting now? . . . or "What is the

real low-down about the fighting in Korea? Is it as bad as it sounds?"

These calls are given "special treatment." They're switched to the operational room, where some understanding, well-informed officer does the best he can to be reassuring with up-to-date, but unrestricted news.

A new point of interest is the "situation" map, which gives a running story of battle movements . . . always withholding the exact unit identification and strength of troops.

**Oldtimers** assure newcomers there really is a method to the alleged madness of the five-sided Pentagon. It's still easy to get lost, so the jokes persist about the Western Union boy, who went in a messenger and came out a general. The red tape stories persist too. At the present moment there's a suggestion box topped by a sign, "Make all entries in duplicate."

Everything about the Pentagon calls for superlatives. The big national capitol, dome and all, could fit easily into one of its five pie-shaped sections: Built in a dump area—once known as "Hell's Bottom"—it covers 34 acres and has 17½ miles of corridor. It has five floors, two basements, five rings of rooms and 10 spoke-like main corridors.

It's about a mile around the outer ring of the Pentagon. By using connecting corridors, a visitor can cut across the building and save two-thirds of a mile . . . if he doesn't get lost.

To approach this \$83 million building, Uncle Sam laid out 30 miles of new highways. You can get lost on the road, too. Undoubtedly, the Pentagon cloverleaf patterns constitute the most bewildering road maze ever to confront an American motorist.

Meanwhile—Korea seems closer in the tense atmosphere of the Pentagon.

### Women Students Score Higher In Grades Than Men

STATE COLLEGE, Pa., Sept. 25.—Officials of the Pennsylvania State college aren't saying whether girls are smarter than boys or boys are smarter than girls.

But figures released today by Dr. C. O. Williams, acting dean of admissions and registrar at the college, reveal that during the spring semester, women students scored a 1.62 average while the average for men students was 1.44. Both are based on a grading system that uses 3.00 as the perfect average.

The figures also revealed that sorority women were higher than non-sorority women, but that non-fraternity men scored higher averages than the fraternity men.

Beta Sigma Omicron sorority with an average of 1.95 topped the listing while Delta Theta Sigma fraternity with an average of 1.89 was second on the roster.

# Phillies And Yankees Head For Pennants In Home Stretch

**Both League Leaders Need Only Six More Victories**

By HOWARD SIGMAR

(International News Service Sports Writer)

NEW YORK, Sept. 25.—Some call it destiny. Others call it greatness, pride and just plain luck.

But the combinations are working in a familiar pattern for the New York Yankees today. They are on their way to their 17th American League pennant.

The blend was manifested in their weekend sweep of the Boston Red Sox. It showed in their 9-to-5 conquest of the Bosox yesterday, a lethal smash that just about ruined the Sox in perfect duplication of the historic last two days of the '49 season.

#### Indians Edge Tigers

And it was felt as far west as Cleveland, where the Indians dropped New York's hottest pursuers, the Detroit Tigers, three straight. Certainly, Bob Lemon's 2-to-1, 10-inning win over the Bengals yesterday could stir the staunchest skeptic.

Whether it is destiny, greatness, pride—or just plain luck—the Yankees are 2½ games ahead of the Tigers and four ahead of the Red Sox. And who is going to stop them?

The schedule appears to put the fate of the Yankees in the hands of the Yankees. And dame destiny has kept steady company with the bombers.

#### Phils Need Six

Six of their remaining eight games this week are with Washington and Philadelphia. They wind up with two up in Boston. But it may be all over by then. The Yankees need six wins to clinch.

It was still "six" for the Philadelphia Phillies in the National League, but the whiz kids are beginning to worry about those Dodgers.

Brooklyn reduced the Phils' lead to five games when Erv Palica humiliated them, 11 to 0, on two hits and aided the Dodger batting brigade with a grand-slam homer. Palica had a no-hitter for seven innings.

#### Reds-Pirates Split

In other National League games the New York Giants walloped the Boston Braves, 12 to 4, behind Jim Hearn. Frank Hiller hurled the Chicago Cubs to an 8-to-3 victory over St. Louis, and Cincinnati and Pittsburgh split. The Reds won the first, 7 to 1, for Ewell Blackwell and the Bucs took the nightcap, 3 to 2.

In the American League, the Senators fopped the Athletics, 3 to 1, and the Browns beat the White Sox twice, 5 to 0 and 6 to 1.

Michigan State's veteran trainer Jack Heppinstall is the oldest Spartan staff member in point of service. Heppinstall begins his 37th season as trainer with the 1950 grid team, having joined the staff in 1914.

A lack lustre Ellwood City Boltbusters team, dropped a home openner Saturday night, to the Brownville Bulldogs, 8-0.

The usually strong Boltbusters were kept constantly no their heels by the tenacious Brownville team.

The Bulldogs scored in the second period when Powlokoski bulldered over from the three-yard line.

Clekovich's precision punting set up the final two points, when he booted out on the Ellwood one.

Willitrot was caught behind the goal, trying to bring the ball out.

Brownsville tallied eight first downs to Ellwoods three. A sparse crowd of approximately 1,000 attended.

#### Gain Revenge Against Cross State Rivals

Bessemer High bumped Lowellville 40-0, gained revenge for last year's loss and broke a 10-game winning streak for the Ohio team Saturday at Lowellville.

Lowellville had stopped a 1949 Bessemer win streak at 12 straight, but in 1950 Cementers settled their feud with emphasis.

Again it was the scoring pair of Pezzuolo and Schaville that wrought havoc on the opposition. The two contributed 34 of the 40 points.

#### Pezzuolo Scores

Schaville and Pezzuolo drove 40 yards for the initial score, Pezzuolo moving the final three for the TD. Schaville kicked the point for a 2-to-1 lead.

Pezzuolo then switched to blocking and paved the way for a Commerce touchdown by slicing down the Lowellville safety. The reverse carried 42 yards. Schaville missed the point and the score was 13-0.

Pezzuolo then needled the Ohioans through weak side tackle this time for 35 yards and another six-pointer. Schaville converted for a 20-to-0 score.

#### Ohioans Desperate

Lowellville began throwing desperation passes, completed one for a first down and then watched over-eager Cementers back drop two certain interceptions.

Schaville grabbed the spotlight when he split guard and tackle and moved 35 yards for the 26th point. He missed the extra point and the score was 26-0.

The relentless Pezzuolo and Schaville continued to attack and ground out yardage the hard way—six yards at a time. Pezzuolo knifed over from the three. Schaville booted the point and Bessemer led 33-0 at halftime.

Bessemer received the second half kickoff and Schaville tallied from 53 yards out on the first scrummaging play. His successful extra point ended the scoring for the day. Final score: Bessemer 40, Lowellville 0. Ciccone substituted freely here in the third period.

Browns-Bears  
Turn In Wins

NEW YORK, Sept. 25.—(INS)—The Detroit Lions are keeping company with the "big boys" in the National Football League today.

The Lions have been long-time doormats in the NFL. Before this season began they acquired some much-needed new playing personnel.

As a result the Lions have now won two straight without a loss and have a record matched only by the power-packed Cleveland Browns and Chicago Bears.

Former all-American Doak Walker from Southern Methodist kicked a 20-yard field goal in the final three minutes yesterday to give the Lions a 10-7 win over the Pittsburgh Steelers.

The Browns walloped the Baltimore Colts, 31 to 0.

## Eagles Top Cards

The Bears tallied every conceivable way to beat the San Francisco 49ers, 32 to 20, with a second half deluge.

The Philadelphia Eagles rebounded from their opening game loss to Cleveland by trouncing the Chicago Cardinals, 45 to 7.

Green Bay's Packers stopped Sammy Baugh in the second half and beat the Washington Redskins, 35 to 21.

In a game played Friday night the Los Angeles Rams trounced the New York Yanks, 45 to 28.

Len Casanova, a former Californian who has taken over the reins as head football coach at Pitt, is beginning to look at the weather as his worst enemy in the East.

Winter hours were resumed in the Court House offices today. Instead of the 8 o'clock opening in the morning the offices now open at 8:30 and instead of a four o'clock close, they remain open until 4:30.

In addition, the offices are again on Eastern Standard Time which means an hour and a half difference counting the half hour differential in starting and closing.

**PAY—OR ELSE**

It seldom pays to argue with the judge. A young lady found this out Saturday morning in a hearing before Judge W. Walter Braham. A family of children was before him for failure to support two aged parents. Judge Braham suggested that each of them aid a little whereupon one of the family, a woman, announced she wasn't going to pay anything.

Judge Braham suggested she should change her mind but she said she wasn't going to pay anything. The sheriff was called and she was given a room over in the woman's department of the county jail. An hour or so in the pokey and she changed her mind.
